

Bertschausen Teaching Ministry Fund

We are honoring the legacy of former senior minister Rev. Roger Bertschausen and the future of the Fellowship by establishing the Bertschausen Teaching Ministry Fund to help support a teaching ministry program and to move the Fellowship in the direction of a sustainable internship program for future UU ministers. Being a teaching congregation is a gift to the future of Unitarian Universalism by helping educate future ministers in a healthy, vibrant setting. It is also a gift to our Fellowship because intern ministers bring new energy, perspective, and tangible ministry support!

In honor of the 19 charter members who first signed our Membership Book, our goal is to raise \$19,000 for the Bertschausen Teaching Ministry Fund. Will you help us achieve this goal with a one-time gift?

This will allow us to fully fund one intern and partially fund two more, while we work to grow our annual budget to include this program in coming years.

Your donation to the Bertschausen Teaching Ministry Fund would be both a birthday present to the Fellowship and a way of honoring Roger's incredible role in our shared ministry. Roger gives his enthusiastic blessing to this project, and will receive it in the spirit of generosity as a gift in honor of his emeritus minister status.

Please consider a gift to this fund to help us create a strong intern program in the spirit of the awakening that happens here on a daily basis. No gift is too small. To donate, bring or send cash or a check (with *Teaching Fund* in the memo line) to the Fellowship office, 2600 Philip Ln., Appleton, WI 54915.

Thank you for joining us in this special way.
